

COPE Ethical Guidelines for Peer Reviewers

We sincerely thank you for taking time to evaluate the attached manuscript

Manuscript Evaluation

Reviewer's Information

E-Mail:	chaitu9903@gmail.com
Title:	Dr.
First Name:	Venkateswarlu
Last Name:	Kavati
Affiliation:	Gokaraju Rangaraju Institute of Engineering and Technology, Hyderabad
Country:	India
Specialization:	Mechanical Engineering (Thermal Engineering)

Manuscript Information

Manuscript Number:	AJAR-19.08.16-11582
Manuscript Title:	Smoke opacity of ethyl biodiesel from babassu and of two types of diesel at different daytime
Date Sent To Reviewer:	23-08-2016
Date Expected From Reviewer:	Two weeks

Evaluation Report

Kindly enter comments per section of the manuscript (All comments should be detailed to provide adequate information for authors)

General comment	Tests carried cover only limited range of operating parameters
Introduction	The authors have done the thorough literature review
Methodology	Materials and methods are not clear, which should be elaborated with the mention of properties of babassu oil such as viscosity, calorific value and cetane number etc., and also Specification of the test set-up used (in tabular form) for experiments.
